

2012 FUNERAL SERVING LIST

Funeral Meals

It is the custom of Industry UMC to offer a luncheon for the relatives and visitors after a funeral service. Adeline Luedke will contact the Group Chairs with the details about the service and luncheon. The Group Chairs are then responsible for contacting the members of their group when it is their time to serve. If you are unable to serve when called, a \$10 contribution would be appreciated to help defray the costs of the consumable items. Unless otherwise instructed, all food left over will be packaged and sent home with the family.
